

Datasheet

Part# HLPX-QZTX00-XXF

Product Features

- Compatible with Matrix-HD Series Fiber Enclosures
- Up-to 3 Fiber Adapter Panels per 1u Fiber Patch Panel
- Flexibility to Mix Adaptor Plates with Cassettes in Patch
- Available with LC, LC/APC, SC, ST, FC and MTP/MPO
- Compliant with IEC-61754-7, EIA/TIA-604-5 & RoHS

Description

OptoSpan Part# HLPX-QZTX00-XXF is a fully-loaded LGX type Adapter Plate for Matrix-HD Series fiber optic patch panels. This 8 Port MTP/MPO Adapter Plate with Key up to Key down configuration is used for pass through or connecting two MTP/MPO cables.

Technical Specifications

Total Fiber Count	8
Modular/Fixed	Modular
Fiber Optic Mode	
Num. of Modules	1
Front Adapter Type	MTP/MPO
Front Port Count	8
Front Port Fiber Count	12
Insertion Loss (MPO)	-
Insertion Loss (LC/SC)	-
Dimensions	-

Height	
Front (Angled/Flat)	-
Polarity	-
#Ports Per Module	8
Rear Adapter Type	
Rear Port Count	
Rear Port Fiber Count	
Return Loss (MPO)	-
Return Loss (LC/SC)	-
Construction Material	16 Gauge Steel (Black)
